

Railroad Crossing Improvements (\$200,000). I would ban earmarks as we know them, but as long as these earmarks are available, I'm going to apply for them in an effort to pursue federal funding opportunities for my district. For non-defense projects in the current earmarking system, I work closely with local governments, civic organizations, non-profits and business development authorities to identify and prioritize projects important to local communities in Georgia's Eighth Congressional District (and sometimes elsewhere). I only request funds for projects authorized by law for federal funding and do not do so for private parties or entities. The project will improve the railroad crossings in the downtown area of Tifton, GA. This project is a valuable use of taxpayer funds because it will improve the safety of the city's roads. Beneficiary: City of Tifton, 130 East 1st Street, Tifton, GA 31793.
